FOR IMMEDIATE RELEASE

The City of Vaudreuil-Dorion will raise the Ukrainian flag on its City Hall and in front of the municipal library

Vaudreuil-Dorion, March 3, 2022 – As a sign of solidarity with the Ukrainian people, Mayor Guy Pilon announced that the colours of Ukraine would be seen on the Vaudreuil-Dorion territory.

"The whole world is upset by what is happening in Ukraine. It is important to show our support to those people struggling in these difficult times. In addition to raising the flag of Ukraine, our monument "Je suis" is illuminated in blue and yellow, the colours of their country," said Mayor Guy Pilon.

During the **Feux et flocons** event on March 4th and 5th, the City will have a thought for people in Ukraine as part of its programming.

A message of solidarity is also on the City's electronic panels.
