FOR IMMEDIATE RELEASE

Invitation: idea brainstorming session for the water tower project

Vaudreuil-Dorion, November 14, 2018 – The City of Vaudreuil-Dorion invites citizens to take part in an idea brainstorming session for the project aimed at enhancing the water tower in the Dorion sector. The meeting will be held at Centre Multisports on Tuesday, November 20 at 7:00 p.m.

The artists from Kolab (fr.ashop.ca), mandated with creating the pictorial (fresco) and digital artwork, will be on hand to listen to the ideas of the session's participants. Kolab is an agency specialized in creating large-format murals on various surfaces and has carried out several projects in Canadian cities.

The City of Vaudreuil-Dorion will take advantage of the 25th anniversary of its merger to turn the water tower into a work of art marking the entrance of the city. This project is most notably part of the revitalization of the Harwood/De Lotbinière sector. Note that it has been made possible thanks to a cultural development agreement with the Ministère de la Culture et des Communications du Québec.

Everyone is welcome. Simply register by email at ggoyer@ville.vaudreuil-dorion.qc.ca or by phone at 450 455-3371, extension 2215.

About the water tower

Located at Place Dumont, the water tower serves as a reservoir for Dorion's aqueduct network, which is supplied by the drinking water wells located within the Saint-Lazare territory. It has been part of the sector's landscape since the early 1950s.
