

FOR IMMEDIATE RELEASE

Strategic Planning 2020-2025: The City of Vaudreuil-Dorion is Calling on its Citizens to Help Inspire its Plans for the Future

Vaudreuil-Dorion, October 10, 2019 – The City of Vaudreuil-Dorion has embarked on a five year strategic planning process that will enable it to orient its actions over the medium and long term. As part of this process, the City is now calling upon its residents to complete an on-line survey where they will be able to share their ideas on projects they would like to see implemented in Vaudreuil-Dorion.

Strategic Planning is meant to be used as a reference tool that will enable the City to clearly define its needs and priorities. With the assistance of Grisvert, a firm specializing in this type of approach, elected municipal officials and employees have been studying and consulting with each other on the matter for the past few months. The following statement is the one that was chosen to reflect the City's vision: "Vaudreuil-Dorion – A warm and welcoming city, the gathering place for a vital, engaged community". Included in this vision are these five great aspirations

- To achieve a sustainable and harmonious living environment
- To be an active and healthy community
- To make of diversity a source of wealth
- To propel culture forward
- To encourage the involvement of all citizens in the well-being of the community

Citizens of all ages are asked to use these aspirations as a starting point as they think of project ideas they would like to propose for the future of Vaudreuil-Dorion. The short survey is available on the City's website (ville.vaudreuil-dorion.qc.ca) directly on the homepage.

Meeting with the citizens

In the coming weeks, City employees will be visiting various public places to talk about the survey with residents and promote participation. They will have a booth for the Open House Event at the Forbes Fire Station on October 19th, followed by a visit to the library, the Cité-des-Jeunes Pool, the Centre Multisports and the Arena, among others. Residents will be able to complete the survey on the spot or simply learn more about it.

Next steps

The results of the survey will be published on the City's website in the coming months. The Strategic Plan for 2020-2025 will be unveiled in the spring of 2020.
