FOR IMMEDIATE RELEASE

A Festive Virtual Concert with Virginie Cummins

Vaudreuil-Dorion, July 8, 2020 – On Tuesday, July 14 at 7:30 p.m., the public is invited to log on to the jesuismozaik.com website for a virtual concert featuring Virginie Cummins and her musicians.

Due to the current situation, the popular Rythmes d'été Summer Concerts cannot be held at the Parc de la Maison-Valois agora, and will instead be available online this year.

An Accomplished Artist

Having been passed from generation to generation in her family, the gift of music was no stranger to Virginie as well. From the age of five, she found joy in sharing and discovering her talent. Having had the opportunity to sing alongside the likes of Céline Dion, Johanne Blouin, Diane Tell, Zaz, Dennis DeYoung and Mika, Virginie is able to live her passion today, and has been doing so for many years. Throughout her career, her velvety voice has been heard at the Montreal casino, the Bell Centre, the Francofolies with the MSO, at galas and festivals, and on the show *En direct de l'univers*. Virginie has also been contributing her voice to the *Enfant-Soleil* telethon for the past seven years.

For nearly twenty years, the singer has been working with the same musicians: saxophonist Brian Harbec - a native of Saint-Lazare, guitarist Jimmy DiStefano, whose talent led him to play for Disney Studios, and percussionist Elie Bertrand. Thanks to their long-standing relationship, the band is very familiar with the most popular songs in the singer's repertoire. This said, what the public can expect on July 14th is nothing less than the best of pop, jazz, country and rock.
