FOR IMMEDIATE RELEASE

Property Assessment Roll Self-reporting of work performed on a building

Vaudreuil-Dorion, January 4, 2021 – The City of Vaudreuil-Dorion wishes to inform its citizens that they will soon be receiving a self-declaration form in the mail regarding any additions, improvements and renovations made to their property over the past nine years. The information provided will allow Évimbec, the firm mandated by the City, to update the property assessment records.

Use of this method was necessary due to the pandemic which prevents assessors from entering peoples' homes to carry out their work. All building owners are required to fill out the form and return it in order to comply with the Municipal Taxation Act. An English version of the form is available on the City's website.

For any questions, citizens are asked to contact the Finance and Treasury Department at 450-455-3371, Option 7.
