Le 405: Survey results confirm the public's appreciation of this new destination

Vaudreuil-Dorion, October 29, 2021 – Following an especially fun and busy summer at *Le parc du 405*, the City of Vaudreuil-Dorion recently ran a survey to gather the public's opinion about the venue and its programming. The results of the survey, which was held online between September 16th and October 7th, and which 884 people took the time to participate in, confirm that Le 405 is a highly appreciated destination.

In fact, nearly 80% of respondents said they had visited the park on more than one occasion. Although discovery evenings, theme-inspired evenings and DJ entertainment came out as the most popular activities, many people simply went there to enjoy the surroundings, read, walk, relax, picnic and meet with friends at La grande tablée, the table wrapped around a tree. Daytime workshops were also well rated by the public. Some 35% of those who participated admitted to having borrowed a hammock or game.

"In light of the results of this survey, we can say without a shadow of a doubt that Le 405 met with the success that was hoped for. The feedback from the survey is in line with the comments overheard by our teams while onsite over the past few months. People happily made the destination theirs, and Le 405 became the place to be in Vaudreuil-Dorion over the summer months," said Vincent Bastien, Director of Recreation and Culture.

Besides obtaining an overall picture of how satisfied visitors were with their experience at Le 405, it was important for the City of Vaudreuil-Dorion to gather their suggestions to help plan future programming according to their needs. Some comments that kept recurring involved the desire for year-round activities, access to food onsite, more frequent theme-inspired evenings and shows, and more performances by better known artists. Others included culinary workshops, wine and local product tasting, more dance classes, yoga and meditation.

For more information, please consult the survey results summary on the City's website, under the section for Le 405.
