

FOR IMMEDIATE RELEASE

Change to collection days in Vaudreuil-Dorion for 2023

Vaudreuil-Dorion, December 15, 2022 – The City of Vaudreuil-Dorion wishes to inform its citizens that changes will be made to the collection schedule for 2023. While there will be no changes to the areas serviced, changes to the collection calendar for household waste, food waste, bulky items and green residues will take effect as early as January 2023. Only the recycling pickup will remain unchanged for the entire territory.

The contract for residual materials management expired this year. The City issued a call for tenders to find a new service provider, which explains the reason for the changes to collections for 2023.

As always, garbage collection will continue to take place every two weeks for all residential areas. Recycling and food waste collections will take place every week as usual. Christmas tree pickup will take place from January 3rd to 13th in all sectors. A special cardboard collection will take place on January 6th and July 7th for sectors 1 to 4, and on January 3rd and July 4th for sector 5.

Bulky items, which are collected once a month, can be placed at the curb up to five days before collection and before 7 a.m. on the same day. Please remember that this collection will be the last opportunity to dispose of household objects. Additional collections for large items will be added throughout the year. Citizens are urged to consult the City's website for details. Items that are part of this collection include sinks, showers, toilets, bathtubs, furniture (upholstered or not), box springs and mattresses. Other bulky items can be brought to the Vaudreuil-Dorion Ecocentre.

New for 2023: the City will schedule sixteen green residue collections every two weeks, between May 3rd and November 30th, including those carried out during the Fall.

Please find below the collection calendar for each service area:

Service area 1

- Household waste: every other Thursday, starting January 5th
- Recycling: every Friday
- Food waste: every Wednesday
- Bulky items: third Thursday of the month
- Green residues: every other Wednesday, from May 3 to November 29

- Branches: weeks of May 15th, June 5th, June 26th, August 7th, September 18th, October 9th, and October 30th.

How to stay informed

Citizens are invited to consult and keep the 2023 municipal calendar that will be distributed by Canada Post between Christmas and New Year's Day. The collection calendar is also available on the City's website at ville.vaudreuil-dorion.qc.ca (in the Environment section, under Collections and Schedules). To find out which collection calendar applies to a particular area, citizens can also use the Search tool to find out which area you are in, and which collection day corresponds to it.

A tool will soon be set up in the citizen portal which will allow residents to sign up to receive notifications on days when collections are taking place in their area. Full details will be announced in early 2023.

For any questions regarding collections, please contact the Public Works Department at 450 455-3371, ext. 2956.
